Since its inception and having conducted business in all 50 states earning their customers trust while demonstrating our expertise Elumin Healthcare Solutions client base is 100% referenceable. Expertise in ActiveWARE, Allscripts, Cerner, Epic, and Peoplesoft with management consulting services for HIE and RHIO rollout and delivery.

Partner Profile

Healthcare provider organizations including medium to large physician groups, hospitals, multi-hospital systems implementing advanced clinical and financial solutions.

Private and Non-profit organizations – collaborations, governmental agencies of all sizes focused on building out an HIE or RHIO.

What Makes Us Different

Strategic relationships with our vendor partners allows us to have access to the latest information and data to assist our valued customer partners to be successful.

Seasoned professional consultants who have proven track records all having worked in a healthcare organization and many possessing advanced degrees such as RN, PhD, RX, RHIT, and MBA's and certifications such as PMI, FACHE, and others.

It's about you not us. We become a part of your organization as our consultants arrive at your organization prepared to be productive day one.

What's In IT for You

You gain access to some of the brightest minds in the healthcare IT domain focused on assisting and leading you and your organization to a successful outcome.

Our consultants get the opportunity to share their knowledge and skills becoming trusted advisors who are invited back again and again.

We build a valued new relationship with a customer partner, a Win – Win scenario.
